CAPOW

Community Alliance of Providers of Wisconsin

- CAPOW leads the advancement of community-based services that support people with disabilities in their pursuit of meaningful lives.
- Today we are a network of providers like you, supporting over 4500 people with disabilities, and representing 4500 direct care workers and 2500 guardians. Our members provide services through CIP1A, CIP1B, COP, TBI, and CSLA.
- CAPOW is committed to assuring that Wisconsin has a viable private provider sector to promote consumer choice, a strong workforce, adequate funding, and appropriate regulation.

Vision Statement

CAPOW believes...

People with disabilities and their support staff enrich our community.

Direct care professionals deserve to earn wages and benefits which reflect the value of the services they provide.

**Quality Workforce +
Quality Funding =
Quality Services for
People with Disabilities**

Membership Benefits

The benefits of membership include:

Advocacy

CAPOW fights for rate increases, staff compensation, and other significant issues affecting the direct care workforce and people with disabilities. As the industry changes, new and increasingly complex issues emerge. As they arise, CAPOW is at the table representing you.

Trainings

CAPOW members receive free statewide, regional, and in-house trainings. We address issues such as state budget and legislative initiatives, and increasing and improving association and members' advocacy efforts.

Information

CAPOW's comprehensive network directory, web site, database, and in-house expertise provide critical, timely information for members. Members receive ongoing alerts and updates.

Support and Community

CAPOW has a committed network of vocational and residential providers. Connect with and learn from other members. Join a committee or attend events and trainings to get to know your colleagues.

Our Work

- We keep you up-to-date with urgent and on-going workforce and industry issues.
- We advocate for increased and a preservation of funding at the legislature. Over the past 3 years:
 - ✧ CAPOW's lobbying efforts work to protect providers from cuts through the opposing the Tax Payer's Bill of Rights (TABOR) and passing legislation that draws down additional federal dollars for Medicaid.
 - ✧ Providers avoided increased costs through the elimination of the coverage of unit dose packaging under Medicaid through CAPOW's lobbying and grassroots efforts.
- We provide trainings geared to meet your advocacy needs.
- We can be there for you, at the Legislature, the Governor's Office, the Department of Health and Family Services, and the Survival Coalition. Your agencies voice will become a part of collective voice of thousands.
